

Yearbook Help for iPhone Users

Having trouble uploading your yearbook photos?

The iPhone's HEIC files often give errors when submitting to the ImageShare app. JPEG/JPG files are preferred.

How to Convert HEIC to JPG on iPhone

The iPhone's Files app is one of the quickest ways to convert an image file from HEIC to JPG. Here's how to do it.

1. In the Photos app, find the photo you wish to convert and tap Share.
2. Tap Copy Photo.
3. Open the Files app on your iPhone.
4. Tap On My iPhone.
5. Long-press on an empty area and tap Paste.
6. The photo has now been pasted and automatically converted to JPG.
7. Tap the image to share it or Save Image to save it to your Photos.

How to Permanently Convert to JPG on iPhone

If you would prefer to save all your photos automatically as JPG rather than HEIC, here's how to do so.

1. In the Settings app, tap Camera.
2. Tap Camera. Tip: You may need to scroll down to find Camera.
3. Tap Formats.
4. Tap Most Compatible to save photos automatically as JPG.
